Re: ALICE EASTON

Operative boarded train at New Brunswick and rode to Newark, N.J. and then continued to Upper Montclair by bus.

Proceeded to the State Normal School and saw the principal of same. Operative asked her if she had as a student one Alice Easton or Alice Gibson. She replied that the names were unfamiliar, but she would look them up. She then went through all the files holding graduate lists and also the withdrawals, but they showed no record of anybody by the name of Alice Easton or Gibson. The principal asked operative where she had resided and when told probably East Orange, N.J. she suggested a visit to the East Orange High School. Operative was also told by the principal that she might have gone to the Paterson Normal or Newark Normal Schools.

Operative then continued to East Orange and went to the East Orange High School on Walnut Street. The woman in charge would give no information to operative, but referred me to Mr. Files, the Principal, who could be seen only in the mornings.

Operative then went to the Post Office, but they would not give any information. Made a canvass in a section of East Orange, but could not find any trace of the party wanted.

Respectfully submitted;
